The Road That Heals

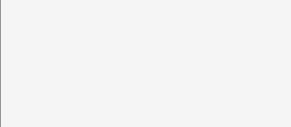

"Chevan and Byrd's music is more Mingue than Masada, more  
Rahsaan Rolank Kirk than Klezmer." Mark Coroto,  
[www.AllAboutJazz.com](http://www.AllAboutJazz.com)

They also frame the music, telling stories about what the pieces  
mean, how they relate to us as individual members of the  
community, and how they reflect upon the relations between  
Blacks and Jews.

Since 1997, the co-founders of the group, African-American jazz  
pianist Warren Byrd, and Jewish-American jazz bassist David  
Chevan have been presenting a unique musical program that  
merges their distinct cultures and heritages and delivers a positive  
and meaningful message about Black-Jewish relations. The Afro-  
Semitic Experience weaves stories and music together as they  
interpret and explain pieces from the Jewish and African-American  
sacred traditions.
