The [FAMILY RECORD](#) It just takes a few minutes!

Please **click on the blue "Family Record"** above. The form is four pages long but should only take five minutes, tops. We will then input your private information into our database so that our records are up to date. When you submit it online, you're done!

Those congregants we do not hear from will receive a form in the mail to be filled out by hand and then mailed back to us. If by mid-January we do not receive a form back in the mail, we will call in order to fill out your Family Record over the phone.
